Education

Uka Tarsadia University Bachelor of Technology in Computer Science and Engineering	2024 – Present CGPA: 9.65/10
--	---

Profile

CS undergraduate with a **9.65 CGPA** specializing in UI/UX and product design, with hands-on experience designing user-centered digital experiences using Figma. Skilled in wireframing, prototyping, design systems, and translating designs into responsive React interfaces, combining strong design thinking with frontend development knowledge.

Technical Skills

Design & UI/UX: Figma, UI/UX Design, Wireframing, Prototyping, Design Systems, Design Thinking, User Flows, Information Architecture

Web Development: React, JavaScript, HTML, CSS, Responsive Web Development, API Integration

Programming: Python, Java, PHP, C

Databases: MySQL, Supabase

Tools: Git, GitHub, VS Code, Vite, Canva

Currently Learning: Next.js, Tailwind CSS

Experience

UI/UX Design Intern <i>Neargrab Inc.</i>	Jul 2026 – Present
--	---------------------------

- Collaborate with the development team to design intuitive, user-centric interfaces and engaging digital experiences using Figma.
- Contribute to product growth by improving user flows, creating high-fidelity prototypes, and refining interface designs for product features.

UI/UX Designer & Frontend Developer Intern <i>SmaranAI.in</i>	Dec 2025 – Mar 2026 Remote, India
---	---

- Designed and prototyped responsive workflows for Intern, HR, and Supervisor roles, improving navigation and usability across the Internship Management System.
- Translated Figma designs into developer-ready interface specifications and reusable UI components for attendance, reporting, certificate, and assessment modules.

UI/UX Projects

Amaal Tracker <i>Figma • UI/UX Design • Design Systems • Prototyping</i>	Play Store
--	------------

- Redesigned the app's core user experience across Salah, Qur'an, Dhikr, Dua, habits, and reflection modules, focusing on intuitive navigation and user-centered workflows.
- Created a reusable design system with components, typography, color styles, and interaction patterns to maintain visual consistency across 100+ mobile screens.
- Developed high-fidelity Figma prototypes and refined information architecture, user flows, and interactions to deliver a cohesive mobile experience.

Internship Management System (IMS) <i>Figma • UI/UX Design • Wireframing • Prototyping • Design Systems</i>	UI/UX Design Project
---	----------------------

- Designed responsive workflows for Intern, HR, and Supervisor roles, covering onboarding, attendance, reporting, certificate management, and assessment tracking.
- Created wireframes, high-fidelity interfaces, and reusable components in Figma while simplifying navigation and maintaining consistency across multiple user roles.
- Translated user flows and interface designs into structured, developer-ready specifications to support efficient design-to-development handoff.

Development Projects

AI Resume Generator

GitHub

Next.js • React • PostgreSQL • Prisma • Tailwind CSS • Node.js

- Built a full-stack AI-powered resume generation platform enabling users to create, manage, and customize professional resumes through a structured dashboard.
- Implemented resume management workflows with PostgreSQL and Prisma, including authentication, persistent resume data, and reusable resume-building components.
- Developed a responsive dashboard interface using React and Next.js with reusable components for resume creation, editing, and management.

FlowSync - Enterprise Management System

Website

— GitHub

Node.js • Express.js • Prisma • PostgreSQL • React 19 • Vite • Tailwind CSS • Zustand • JWT

- Built a full-stack ERP platform for enterprise asset management, maintenance, resource booking, and auditing.
- Designed 29 REST APIs secured with JWT, Zod validation, and 4-level RBAC.
- Implemented conflict-free resource scheduling with automated return tracking and notifications.
- Developed real-time analytics dashboards and maintenance workflows using React, Zustand, and Recharts.

Extra Curricular

- Active in campus technical and cultural events as an NSS Volunteer and led the decoration team for college-wide events.

Achievements

- Winner – Multiple College-Level Figma Design Competitions
- Finalist – Odoo x Gandhinagar Hackathon
- Runner-up – College Ideathon Competition
